other kind of help. A few months later, he suddenly died.

Mr. Speaker, we have an opportunity here with H.R. 3200 to pass a bill of historic proportions to address issues such as this constituent and many Americans are facing, to have a health care plan that is affordable and accessible for all Americans, that will lower the cost of health insurance, to provide a public option that gives people a choice of doctors and plans, and puts an emphasis on prevention and wellness. I urge my colleagues to support this bill.

### RESTORING FISCAL RESPONSI-BILITY THROUGH THE STATU-TORY PAY-AS-YOU-GO ACT

(Mr. CONNOLLY of Virginia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CONNOLLY of Virginia. Mr. Speaker, I rise today in strong support of H.R. 2920, the Statutory Pay-As-You-Go, or PAYGO, Act as a long overdue return to fiscal responsibility. We hear a lot from our colleagues and friends on the other side of the aisle talking about their newfound concern about deficits. But it was a Republican Congress that allowed PAYGO legislation to expire in 2002 even after, in fact, it worked to produce two consecutive surpluses in 1999 and 2000 under a Democratic President. Unfortunately the Republican-controlled Congress didn't renew PAYGO in 2002, leaving us, once again, with annual deficits that this year now reached \$1 trillion, most of it on their watch.

Mr. Speaker, the cure for deficits is not floor speeches, catchphrases or expensively produced charts. The cure is fiscal responsibility. This House, if it's going to be serious about fiscal responsibility, must return to statutory PAYGO. I support the bill.

### A HEALTH INSURANCE COMPANY HORROR STORY

(Ms. SCHAKOWSKY asked and was given permission to address the House for 1 minute.)

Ms. SCHAKOWSKY. A health insurance company horror story about Robin Beaton, a 59-year-old woman who was a registered nurse for 30 years, healthy, with health insurance. She retired to set up her own small business and got an individual policy with Blue Cross/Blue Shield. She went to the dermatologist for acne. A word was written on her chart that, interpreted incorrectly, as meaning precancerous. Here are her words, Shortly thereafter, I was diagnosed with a very aggressive form of breast cancer and was told I needed a double mastectomy. The Friday before the Monday I was scheduled to have my double mastectomy, Blue Cross red-flagged my report due to the dermatologist's report. The dermatologist called Blue Cross directly to report I had only acne and pleaded not to hold up the surgery. Then Blue Cross called to inform her that they were launching a 5-year medical investigation into her medical history and that she would not be able to have the surgery. She was frantic. Then she found out that the insurance policy that she had been paying premiums on was canceled altogether. She says, The sad thing is Blue Cross took my premiums, and when I was suspected of having cancer, they searched for a reason to cancel me. This happened, and 7 months later the tumor doubled in size, went into her lymph nodes; and now her prognosis is worse.

We have an opportunity today to bring peace of mind to all Americans and pass health insurance reform.

### PAYGO LEGISLATION WILL HELP US MOVE FROM DEFICIT TO SUR-PLUS

(Ms. WATSON asked and was given permission to address the House for 1 minute.)

Ms. WATSON. Mr. Speaker, the House will be taking up statutory PAYGO legislation which will restore the policy that led from deficits to surpluses under the Clinton administration. Statutory PAYGO is a necessary step to restore fiscal discipline and begin bringing down the deep deficits that face our Nation. Without reducing the deficit, we won't be able to invest in vital priorities, including health care, education and clean energy.

The bill on the floor this week requires all new policies that either reduce revenues or expand entitlement spending be offset over 5 and 10 years. Discretionary spending is not subject to PAYGO and exceptions can be made for emergencies. We also take into account the political reality that several policies will continue, as in past Congresses, and allow them to be extended without offsets. Medicare physician payments, alternative minimum tax, middle class tax cuts and the current estate tax rates. I hope that all Members will support our PAYGO bill.

## HEALTH CARE WILL BENEFIT AMERICAN ENTREPRENEURIAL INITIATIVES

(Mr. POLIS asked and was given permission to address the House for 1 minute and to revise and extend his remarks)

Mr. POLIS. Mr. Speaker, before I was elected to the House of Representatives, I was an entrepreneur. I started several technology companies. Entrepreneurs across this country are a constant source of creativity, of job creation, of unleashing their creative potential to create jobs and bring new products and services to the marketplace. There are people today, Mr. Speaker, that would love to be entrepreneurs but for the fact that they are wedded and trapped in jobs because of the nontransportability of their health care. Mr. Speaker, for them and their families, they have to keep their current jobs. They can't go off on their own. They can't start new companies. They might have great ideas that would unlock great value, and yet they are prohibited from doing so.

One of the great benefits of the Obama health care plan is that we will allow people to pursue their potential, to create jobs, to go off on their own without taking that risk of losing health care for them and their families. By doing so, we can unleash the potential of the American people and entrepreneurs across the country to create value and create jobs.

### MESSAGE FROM THE SENATE

A message from the Senate by Ms. Curtis, one of its clerks, announced that the Senate has passed without amendment a bill and a concurrent resolution of the House of the following titles:

H.R. 2245. An act to authorize the President, in conjunction with the 40th anniversary of the historic and first lunar landing by humans in 1969, to award gold medals on behalf of the United States Congress to Neil A. Armstrong, the first human to walk on the moon; Edwin E. "Buzz" Aldrin, Jr., the pilot of the lunar module and second person to walk on the moon; Michael Collins, the pilot of their Apollo 11 mission's command module; and, the first American to orbit the Earth, John Herschel Glenn, Jr.

H. Con. Res. 164. Concurrent resolution recognizing the 40th anniversary of the Food and Nutrition Service of the Department of Agriculture.

The message also announced that pursuant to Public Law 111-25, the Chair, on behalf of the Majority Leader, announces the appointment of the following individuals to serve as members of the Ronald Reagan Centennial Commission:

Sig Rogich of Nevada. Frank Fahrenkoph of Nevada.

# PROVIDING FOR CONSIDERATION OF STATUTORY PAY-AS-YOU-GO ACT OF 2009

Mr. ARCURI. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 665 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

### H. RES. 665

Resolved, That upon the adoption of this resolution it shall be in order to consider in the House the bill (H.R. 2920) to reinstitute and update the Pay-As-You-Go requirement of budget neutrality on new tax and mandatory spending legislation, enforced by the threat of annual, automatic sequestration. The first reading of the bill shall be dispensed with. All points of order against consideration of the bill are waived except those arising under clause 9 or 10 of rule XXI. The amendment in the nature of a substitute printed in part A of the report of the Committee on Rules accompanying this resolution, modified by the amendment printed in part B of the report of the Committee on Rules, shall be considered as adopted. The bill, as amended, shall be considered as read. All points of order against provisions of the bill, as amended, are waived. The previous
